

KPsphere LLC

Research, AI automation and program support.
Evidence attached.

A veteran-owned small business in the National Capital Region. We build and operate our own research platform, AI automation, software and instructional media; our principals bring federal program, policy and technology-watch experience.

Core competencies and their evidence

01 Research & technology advisory

NAICS 541690 · 541715

Horizon scanning, technology assessments, policy research and executive briefings.

KPsphere-operated Our research platform publishes dated reports and briefings across twelve technology sectors. Key findings link to the papers, patent filings, grant awards and other records they come from, drawn from 20+ research databases.

Principal experience John Kim: technology watch and horizon scanning for OUSD(R&E), including its OSI&A office, 2023 to 2026.

02 AI, automation & communications

NAICS 541511 · 541512 · 541519

AI-assisted applications, workflow automation, knowledge portals, analytics and video.

KPsphere-operated Our scheduled jobs run across multiple AI models under spending caps, with monitoring and tested repair. We also built and run KPsphere AI ScoutBOT, a live federal contracting research application.

Principal experience John Kim: horizon scanning with large language models and specialist tooling for OSI&A, 2024 to 2026.

03 Readiness, prevention & training

NAICS 611430 · 541612

Nonclinical prevention education, resilience programs, training content and evaluation.

KPsphere-operated Six instructional videos for KPsphere AI ScoutBOT, scripted, recorded from the live app, narrated with an AI voice and checked before release.

Principal experience Christian Park: training and resourcing lead, Army National Guard Drug Demand Reduction Program, 54 states, territories and DC, 2021 to 2023.

04 Strategy & management consulting

NAICS 541611 · 541618

Strategic planning, policy analysis, decision packages and acquisition support.

Principal experience John Kim authored a published National Guard Bureau instruction, CNGBI 5101. Christian Park served as a Contracting Officer's Representative.

05 Program & administrative support

NAICS 561110 · 561499 · 541611

Program coordination, suspense tracking, correspondence and budget reporting.

Principal experience Christian Park ran a \$27M national program, including POM development, 2021 to 2023. John Kim was site lead on two National Guard Bureau Joint Staff support contracts, 2021 to 2023.

06 Operations & logistics support

NAICS 541614 · 561990

Medical logistics, resource tracking, personnel accountability and emergency planning.

Principal experience Christian Park commanded 350 personnel across two hubs and eight facility teams, 2025 to 2026, and led a COVID-19 vaccine site in 2021. John Kim ran an emergency contact center contract at Fort Drum through Capstone Group LLC.

Built and operated by KPsphere

Five systems the company built and runs today. This is company-operated work, not federal contract performance.

System	How it works	What it produced	Why it matters to you
Research platform kpsphere.com/methodology.html	Scheduled jobs search literature, patents and federal award records; AI drafts each report and a separate fact-check reviews it.	Daily briefings since April 2026; a recent full report links 55 distinct sources.	Technology-watch and assessment output you can read today.
AI workflow automation	Work routed across multiple AI models under spending caps; a watchdog, bounded retries and tested fixes for failures that persist.	8,851 runs recorded in seven days, most of them frequent delivery and monitoring checks.	Monitoring, audit trails and controlled repair after launch.
KPsphere AI ScoutBOT scout.kpsphere.com	Indexes SAM.gov and Grants.gov notices and FPDS and USAspending awards; AI answers list the sources checked.	A live web application with two-factor sign-in; an Android app is in preparation.	Acquisition data engineering, document AI and account security.
Video and instructional media youtube.com/@kpsphere	AI-drafted scripts and AI review of generated clips; AI scenes labeled on screen; an AI-disclosure line on each new upload.	A research explainer daily, a podcast three times a week and six how-to videos.	Training content; Section 508 captioning scoped per requirement.
Secure web and compliance automation	Scheduled checks: credential expiry daily, data exposure and security headers every 6 hours, secrets nightly; tests on each change.	kpsphere.com and the AI ScoutBOT web app, built and maintained in-house.	Safeguards on a schedule; no compliance certification is claimed.

Leadership and prior experience

Performed for the organizations named, as contractors or in military service, not under contracts held by KPsphere LLC.

John S. Kim
Founder & Chief Executive Officer
U.S. Marine Corps veteran · MBA

Global Research Watch, OSI&A, OUSD(R&E) Sep 2024 to Jun 2026, as a contractor. Horizon scanning with language models; special reports briefed at SES level.

Technology watch, OUSD(R&E) Sep 2023 to Sep 2024, as a contractor. Prepared OSI&A's monthly S&T Bulletin.

Policy analyst and site lead, NGB Joint Staff Sep 2021 to Sep 2023, as a contractor. Site lead on two contracts; authored CNGBI 5101.

Co-founder and CEO, Capstone Group LLC Dec 2021 to Feb 2025. Emergency contact center contract at Fort Drum; DLA DIBBS sales.

Christian J. Park
Co-Founder & Chief Operating Officer
Army National Guard officer · MSW, MPH, MHA

Branch Chief, ARNG Drug Demand Reduction Program Oct 2021 to Jun 2023. Lead for 54 states, territories and DC; \$27M program.

Contracting Officer's Representative COR on a \$15.7M support contract; supported a \$35M portfolio.

AO North Commander, Joint Task Force Centennial Aug 2025 to Jan 2026. 350 personnel across two hubs and eight facility teams.

Incident Commander, COVID-19 vaccine site Jan to Jul 2021. Up to 119 military personnel and 35 civilian staff.

Why work with us

Work you can inspect first

Research, videos and AI ScoutBOT are public and dated; judge the output before a first call.

AI in production, with controls

Automated fact-checks, AI scenes labeled on screen, and a record of every automated run.

Instructional media made in-house

Scripted from the live product, narrated with an AI voice and checked before release.

Government-side experience

Principals who served as a COR, led a national program and wrote an NGB instruction.

Staffing and teaming per requirement

We will hire or subcontract per requirement and confirm partners in writing.

Discuss a requirement or a teaming opportunity
